ADITYA THUBE

CSE STUDENT | SOFTWARE DEVELOPMENT | CYBERSECURITY

Sangamner, Maharashtra, India • +91-8605076076 • adityathube1901@gmail.com
GitHub: github.com/Adityathube • LinkedIn: linkedin.com/in/aditya-thube-23115b350

PROFILE

Computer Science student interested in software development, cybersecurity, and AI/ML. I learn by building practical projects and strengthening core computer science fundamentals. Interested in internship opportunities, technical collaboration, and open-source projects.

EDUCATION

Bachelor of Technology — Computer Science 2026–2029
Sanjivani University

Diploma — Computer Technology 2023–2026
Amrutvahini College of Engineering (AVCOE)

EXPERIENCE

AI/ML & Data Science Intern — Sumago Infotech Pvt. Ltd.

June 2025 – August 2025 | Nashik, Maharashtra

Internship experience in AI/ML and data science. Add specific tools, responsibilities, and outcomes if you can verify them.

PROJECTS

Honeypot Management System | Java, TCP client-server communication, MySQL

Diploma project focused on honeypot management, traffic monitoring, decoy-server processing, and basic DoS-like detection.

VS Code-Inspired Developer Portfolio | React, Vite, JavaScript, CSS, Express

Personal portfolio with an IDE-inspired interface and an Express-backed AI assistant. Add the live URL once deployed.

SQL Practice | SQL, MySQL

Practicing SQL queries and database concepts through structured problem solving.

TECHNICAL SKILLS

Programming & Web: Java, JavaScript, React, HTML, CSS, Vite
Databases: MySQL, SQL
Cybersecurity: Cybersecurity fundamentals, CTF concepts
Tools: Git, GitHub, Power BI

CERTIFICATION & ACTIVITIES

• CHAKRAVYUH CTF 2026 — Certificate of Achievement
• Data Quest 2026 — Active participation certificate (7 October 2026)
